Apologetics Quiz #3

1. True or False: Presuppositional apologetics is based on the idea that apologetics is a form of pre-evangelism. In other words, we must establish a common ground with the unbeliever before evangelizing him.
2. True or False: Laws of logic and science are the most basic principles of the physical Universe.
3. True or False: One key to apologetics is to demonstrate the probable truth of Christianity.
4. True or False: The whole world pulsates with the revelation of God.
5. Name one internal witness everyone has that proves Man is made in God's image?
6. Why do believers believe the Bible?
7. Which of the following is more biblical for a Christian to say?
 - a. "I believe because I understand."
 - b. "I understand because I believe."
 - c. "I believe, but I don't understand."
 - d. "I understand, but I don't believe."
 - e. Both a and c.
8. Are there things we can't fully understand? If so, can you give an example? If not, can you give an example?
9. Explain how Adam and Eve's ability to reason before the Fall was different than ours.
10. Describe two of the sins of Eve **before** she ate the fruit.
11. What are two Scriptures that show the "natural" response to the Word of God?
12. Extra Credit (2 points): How can it be that unbelievers do good things and do they get "credit" for them?
